

Get Your Piggy On!

Piggyback - a program to help with your out-of-pocket dental and vision expenses!

Does it seem like everyone is trying to take money out of your pocket?

The Trust would like to help put your hard-earned dollar back in your pocket when you visit your eye care provider or dentist.

Dental or Vision – Piggyback Boosts Your Budget

If you are an active CCPOA member, Supervisor, or Retiree, the Trust has a Piggyback program for you – and your family if you need family coverage.

Piggyback is a voluntary program designed to help offset the amount you pay out of pocket for dental and vision treatments. It's simple to use. In fact, it's our most popular voluntary program.

Read the enclosed brochure – find out how Piggyback can benefit you. If you can benefit, simply complete the enclosed application and mail it back to the Trust.

Use your Piggyback program with your Dental program

Take a look at the example in the enclosed brochure to see how it pays alongside the CCPOA Primary Dental program – or if you belong to a state-sponsored dental program simply submit your itemized receipt and the Trust will send you a check for your covered expenses.

Don't forget – Piggyback works with your Vision coverage too!

Just ask your eyecare provider for a receipt when you get vision services. After review of your itemized receipt, a check will be issued to you for your covered out-of-pocket.

We've Got You Covered.
